FORTY NEW BUSES WILL REPLACE STREET CARS ON DALY CITY--S. F. RUN

No. 14 and No. 40 street-cars, familiar relics on Mission street since around the turn of the century, will go to the scrap heap on January 16.

The No. 40 line will be abandoned completely, and the No. 14 line will be replaced by 40 motor coaches which will give two-minute service during peak hours, and six-minute service throughout the day, running on a close schedule out of Daly City to San Francisco.

The No. 14 coaches are scheduled to travel from Daly City to 5th and Market street in 29½ minutes. Running time from Daly City to the Ferry building has been set at 37 minutes, according to officials of the S. F. Municipal Railway.

The plans were outlined to the city council Monday night by Russell Cooley of the Muny railway staff.

Service on the No. 26 line, serving Daly City and Broadmoor, will also be improved, Cooley said. Five new coaches will be added to the run, making a total of 19, and bus service will be maintained on a ten-minute basis. The No. 26 line will run local to San Jose avenue and Monterey boulevard, and will express from Bernal cut to 12th street.

Street car tracks on Mission street will be torn up, and the No. 14 buses, instead of proceeding to Knowles and Mission street, will turn from Mission street into San Jose avenue at the Bank of America. The buses will return to Mission street over Flournoy street.

EXPRESS SERVICE

At Crescent and Mission the buses will travel over Dolores and Guerrero streets and will operate on an express basis from Crescent street to 11th street, stopping only at 24th street and 16th street for transfer points.

No definite plans were announced for service to the cemetery area, but it was presumed that special buses would service the cemeteries on Sundays and special observance days.

The city council has requested that the No. 14 line, instead of turning at Mission and San Jose avenue, be extended to Market street in southern Daly City. The Railway, however, is of the opinion that such a move is not practicable at this time. However, railway officials said that if the city decided to extend Brunswick street through the Hillside boulevard quarry, it would be possible to route the No. 14 buses up Crocker avenue, on Brunswick street to Hillside boulevard, and turn back to Mission street at that point. The city engineer is presently engaged in drawing plans for the extension of Brunswick street.

In order to make way for the new service, the city will take the following steps:

1. **Make available space for two buses on the west side of the Bank of America on San Jose avenue.**
2. **Install an arterial stop on Mission street, southbound at the Bank of America.**
3. **Prohibit diagonal parking on Flournoy street.**

Plans for new traffic signals, and channelization of northbound traffic entering San Jose avenue from Mission street, long delayed by the State Division of Highways, is expected to be expedited as a result of the new bus set-up. The safety island on the east side of Mission street at the top of the hill is also expected to be moved when street car tracks are removed.

Council Turns Down New Concrete Plant

A request by Consumers Rock and Cement Co. for permission to install a $100,000 Readymix cement plant on Southern Pacific Railway property at Dunks and Washington streets was denied this week by the city council. The company wished to construct the plant on the site to provide concrete for the Metropolitan Life Insurance company's thirteen-story apartment project near Lake Merced.

Opposition of residents of the neighborhood was given as the main reason for denying the permit. People in the vicinity objected to the noise, dust and truck traffic which would be caused by the location of the cement plant on Dunks street.

The county planning commission also is reported to be in favor of rezoning adjoining unincorporated land from industrial to commercial, and this was given as another reason for disapproving the application.

FINAL PAYMENT ON FIRE ALARM SYSTEM MADE

A final payment of $8,731 to the Gamewell Co., for installation of a new fire alarm system throughout the city in 1946, was approved by the city council this week.

Total cost of the project was more than $25,000 and payment was made in three yearly payments. Operating on a pay-as-you-go basis, the council was able to finance the project without resorting to a bond issue or raising taxes in any way.

Installation of the new fire alarm system has been credited as an important factor in the recent reduction in fire insurance rates in Daly City.

COUNCIL WILL ACT ON ANNEX MONDAY

Receipt of a certificate from the county clerk, indicating the final tabulation, including absentee ballots, of votes on Daly City Proposition B at the general election on November 2, showed a total of 1,437 voting "Yes" and 1,839 voting "No" on the proposition, according to City Clerk B. C. Ross.

The figures showed a gain of 2 "Yes" votes and 49 "No" votes over previously announced figures.

Legal action declaring the Westlake Annex a part of Daly City will be undertaken at the regular meeting of the city council next Monday night at the city hall.

WELL'S WELL! WELL WILL PUMP WELL FROM NOW ON

The fourth well in the municipal water system, which was out of commission for approximately six weeks due to mechanical failure of bowl assemblies in the well-shaft, is back in operation and pumping water, according to A. Bodien, head of the water department.

Replacement of pump bowls, bearings, etc. was accomplished by the Archer Equipment Company at a cost of $1,662.22. Fears that the well casing might have collapsed were unfounded, Bodien said.

Would-Be "Pugs" Draw Fines In Police Court

Two pugnacious San Francisco men were fined $35 each Friday after a display of their "talents" November 6.

The men, George Young, 267-B Anderson street, and Don B. Tucker, 1244 46th avenue, were arrested for fighting on Bepler street and San Jose. They were fined $25 each for disturbing the peace and $10 each for being drunk.

Eagles Initiation On Friday Night

Emil Bertelli, chairman of the Eagles membership committee, has announced that the Colma - Vista Grande Aerie, 1848, F.O.E., will hold an initiation Friday night at Eagles Hall, 3346 San Jose avenue. The initiation night will be in honor of President Ray Lagomarsino, Bertelli said.

Eagles are requested to bring a new member for the initiation ceremonies, and, by doing so, may qualify for an Eagles ring.

JOB OPENING FOR MALE CHIEF CLERK IN WATER OFFICE

A civil service examination for a male chief clerk in the Daly City water department will be held in the near future, it was announced by the Civil Service Board of Review this week, after the city council decided the job warranted a man to head the collection department.

The job will consist of supervising accounts, billing correspondence and collections for the municipal water department. Both employees in the collection office, Mrs. Muriel Jones and Mrs. Barbara Parodi, have submitted their resignations, and, in addition to the male clerk, a new clerk will be selected from civil service eligible lists.

Qualifications for the chief clerk's job include a high school education, with a post graduate course in bookkeeping or business administration, plus at least two years of practical experience in similar work. Additional practical experience may be accepted in lieu of the educational requirements by passing a qualifying test, at the discretion of the board.

Age limits for applicants are 25 to 45 years of age.

No salary range has as yet been announced for the new position.

Winner's Reward In Marchbank 'Cap

Winner of the $10,000 Marchbank Handicap on Armistice Day at historic Tanforan race-track was J. A. Lyons' "Please Me," ridden by South San Francisco's jockey, Ralph Neves. Above, Neves receives trophy, commemorating victory, from Mrs. J. W. Marchbanks. Others, left to right, Mrs. Tyree, Mrs. J. A. Lyons, Miss Tyree, J. A. Lyons.

DENNIS GAINS 23 VOTES BUT LOSES 4 AS BERTETTA WINS RECOUNT CASE

Councilman

Fred Bertetta, whose margin of victory over Edward J. Dennis in the April municipal election was shaved from 23 to 4 in today's recount, but who retained his seat on the city council.

In one of the most dramatic election contests in recent years, Councilman Fred Bertetta remained on the city council by a slim four vote margin over ex-Councilman Edward J. Dennis. The recount, held in the Redwood City Superior Court, with Judge Runnels presiding, took two days, and was completed Thursday at noon.

The original figures in the April 13 election gave Bertetta 1503 votes against 1480 for Dennis, a difference of 23.

In the recount proceedings, Dennis actually gained 23 votes, but lost four himself, to fall short of victory by that margin.

Dennis had sued for a recount in May, but the motion was quashed by Superior Judge Aylett Cotton. Then his attorneys, Frank B. Blum of Daly City, and Wayne Millington, took the case to the Appellate Court and obtained a reversal of Judge Cotton's ruling. The recount was set for Wednesday of this week as a result of this reversal.

The recount proceedings brought to light more than fifty errors in computations in all of the city's precincts except precinct B.

Final official figures gave Bertetta 1480 votes and Dennis 1476, with Bertetta losing 23 and Dennis dropping four votes as compared with figures announced in April.

OLPH Mothers Club Christmas Bazaar Set for Early Dec.

A year of work will be on display at the annual Christmas bazaar of the Mothers' Club of Our Lady of Perpetual Help School scheduled for December 5 in the school auditorium, 80 Wellington avenue. Hand-made articles and home-cooked food will be featured.

The bazaar will open immediately after the 8 a.m. mass with refreshment being served all day.

Chairmen of the booths are as follows: Mrs. Lee Miller, cake booth; Mrs. Susan Schroeder, refreshments; Mrs. Mary Jane Tielman, children's booth; Mrs. Esther Nolan, candy booth; Mrs. Janet Fellman, toy booth; Mrs. Veronica Whalen, grocery booth; Mrs. Marie Marinakes, Mrs. Anna Mae Cordellis and Mrs. Mildred Sims, sewing booth; Mrs. Mary Caligari and Mrs. Jean Denning, investment booth; Holy Name Society, games.

Members of the Mothers' Club will receive Holy Communion at the 8 o'clock mass November 28.

Asleep At Wheel, Man Crashes Car Into Pole

A nap at the wheel of his car, Saturday, caused Robert Manning, 20, of 817 Paloma avenue, Burlingame, to reserve cuts of the face and bruises of the knee and forehead.

Manning was driving down Junipero Serra boulevard when his vehicle crashed into a pole. He told police he fell asleep while driving.

Also injured in an auto accident in Daly City was James Terry, 1915 Geneva avenue, San Francisco. He received cuts on the leg and back when his jeep overturned after a two-car collision on Mission street.

Stanley J. Ostrem, 119 Otsego avenue, San Francisco, driver of the other car, was cited for speeding.

Both Terry and Manning were treated at Junipero Serra Hospital and released.

$560,000 Construction Permits In Broadmoor

Construction of 70 new homes in the western section of Broadmoor Village were issued this week to the Stoneson Development Corp. by the county building inspector.

Total cost of the new houses was set at $560,000, or $8,000 per home.

COUNCIL UNABLE TO ACT ON ELECTION YET

Meeting in a special adjourned meeting for the purpose of acting on the results of the general election November 2, when voters approved Ordinance 279, the annexation of Westlake subdivision to Daly City, the city council adjourned without action Monday night because certified results of the election have not yet been received from the county clerk's office.

It is expected that the certificate will be received before next Monday's regular council meeting and will be acted upon at that meeting.

After the adjournment, the council met with a representative of the S.F. Municipal Railway to discuss changes in the local transportation set-up when the Muny railway replaces No. 14 street cars with buses on January 16.

Postmaster And Girl Scouts

Mrs. Marie Miller arranged for the postmaster to visit the Daly City branch post office Monday to sell the local Girl Scout members the first sheeet of stamps honoring Juliette Low, founder of the Girl Scouts.

STAMP ISSUE HONORS GIRL SCOUT FOUNDER

John F. Fixa, postmaster of San Francisco, paid a visit to the Daly City branch post office Monday to sell the first sheet of a new stamp honoring Juliette Low, founder of the Girl Scouts. The sheet of stamps was purchased by local scouts, Roberta Baldetti, Esther Larson and Beverly Hamilton.

Juliette Low founded the Girl Scouts organization in America in 1902, with the help of Lady Baden-Powell, whose husband was the founder of the Boy Scouts.

At present there are 21 troops of Girl Scouts in the Daly City area, with a membership of 389. Comprised of girls 7 to 18 years of age, new members join the organization through membership drives in their schools.

The Girl Scouts are in need of women and older girls to serve as leaders among the 21 troops. Girl Scout headquarters are in the Colma Town Hall, headed by Mrs. Helen Gould, executive director for this area.

CROWD JAMS AUDITORIUM FRIDAY FOR JEFFERSON HIGH VARIETIES OF '48

The "Standing Room Only" sign was out last Friday night at Jefferson high school's auditorium, where a crowd of 850 people witnessed the return of vaudeville in a presentation of the "Jeff Hi Varieties of '48."

Directed by Eunice Seaton of the high school faculty, and consisting of student talent, the "Varieties" dished up music, laughs, color, dancing and an audience reaction that belied the statement that "vaudeville is dead."

Featuring a speaking chorus in lieu of the usual master of ceremonies, the show's stage settings and an 18th century movie lot scene attracted lots of favorable comment. Louise Baciocco of the high school art department directed a student stage crew to handle production details.

A scene, "If Men Played Cards as Women Do," featuring Roy Hunter, Bob Donnelly, Jim Yonan and John Sweet, brought the house down.

Performers included Elissa Marquez, Diana Lidda, Marlene McKinnon, Wanda Sadler, Annette Kollmann, Laura Ross, Dot Code, Barbara Mack, Lois Anderson, Bunny Pilloud, Jane Berhath, Evelyn Madriago, Betty Duffy, Lyndy Rivera, Given Harris, and Laraine Remmer, in a dance number directed by Elaine Parkhurst.

Other entertainers were Paul Willbanks, Don Jahnke, Judy Woodward, Leo Bricker, Nancy Mohrweiss, Joan Siino, Dolores Furiosi, Dick Morehead, Dorothy Probst, Barbara Patchen and Carol Hite and Bob Bennassini.

Dorothy Foley, Lolita Bacigalupi, Carol Hodge, Bob High, Brad Holliday, Tom Ozburn, Ed Cyr, Jim Bridges, Louis Merlo, Jim Yonan, Darlene Bortis, Bonnie Bryant, Joan Colby, Ann Allen, Barbara Biagini, Beverly Appleton, Evelyn Blondini, Claire Allen, Bonnie McHugh, John Hill, Floyd Gonella, Jim Alberta and Ronald Jennings.

Solicitor Winds Up In Jail On Fraud Charges

Selling advertising is sometimes a tough job. Ira Thomas, 56, of San Francisco found Frank Lombardi of Lombardi's Service Station a doubly hard customer to sell.

Lombardi, suspecting the solicitor was not quite on the up and up, called the Daly City police, who arrested Thomas and turned him over to San Francisco police for investigation of fraud charges.

Police say he has a long record of convictions on charges of passing bad checks and forgery. Daly City police picked him up for soliciting without a license, then released him to San Francisco police.

Council Considers License Tax Change

Revision of the city's business license tax set-up was discussed in preliminary form by the city council Tuesday night. The council abandoned thoughts of basing license fees on a basis of gross receipts, and decided to continue on a flat fee basis, but increases in fees were indicated for practically all types of business.

There has been no change in the business license ordinance since April, 1935, with most license fees dating back before that time.

A rough draft of the new fee schedule will be submitted to the local Merchants Association and Lions Club for comment before the ordinance is officially introduced.

It is anticipated that additional revenues from this source will be used for the following purposes: expanded recreation facilities, better street lighting, installation of street signs, and city participation in street decorations for holidays.

To clarify the situation in the Jefferson Elementary School District, the Daly City Record presents herewith an outline of the school construction program as approved by the local school district board of trustees and the State Division of School House Planning.

The crux of the situation lies in the fact that, first, existing elementary school facilities are not adequate to handle present attendance requirements properly and, secondly, the existing school sites, even if expanded to the limit of adjoining available property, are not large enough in area to permit adequate expansion.

FINANCIAL LIMITS

The problem of additional school facilities is further complicated by the fact that the bonding capacity of the Jefferson School District is not sufficient to finance the facilities which are necessary.

In September, 1947, the public voted school bonds in the amount of $348,000, the legal limit, based on five per cent of assessed valuation in the district. To augment these funds, the state school system has declared this area to be a distressed school district, and has appropriated approximately $480,000 for new schools in the district. This leaves approximately $825,000 to be spent on new school facilities in the Jefferson Elementary School District.

A survey of school requirements locally led to a recommendation by the Division of School House Planning that 67 new classrooms, plus eight additional kindergartens, four home economics rooms and four shops, with a library and multi-purpose auditorium in each new school, be erected. This is still the goal of school-planners for the local school district. The overall plan is on file with the Division of School House Planning.

However, scarcity of funds has resulted in an austerity program, whereby a total of 16 new classrooms and three new kindergartens would be constructed as soon as possible as the first step in bringing physical school facilities nearer the required minimum.

CONSTRUCTION PLANS

The plans, already approved by the local district board of trustees and the State Division of School House Planning, call for the following construction: First, two additional classrooms and two additional kindergartens at Woodrow Wilson Primary. Next, six new classrooms and one new kindergarten at the six-and-one-half-acre site already acquired in Garden Village. The master plan has provisions to expand this site by 10 more acres, to meet future requirements.

Third, construction of eight new classrooms at a twelve-and-one-half-acre school site at Market street and Hillside boulevard. In the new buildings children from kindergarten to the fifth grade would be accomodated in the new Woodrow Wilson and Garden Village rooms, and those from the sixth to eighth grades in the proposed building at Market street and Hillside boulevard.

$825,000 COST

The above construction, only a part of the proposed overall, long-range master plan for the school district, would exhaust the $825,000 currently on hand for new construction.

Fulfillment of the entire plan, over a period of years, would see a total of 15 rooms for the sixth to eighth grades, and nine for kindergarten to the fifth grade, at the Market street site.

In addition, there would eventually be 15 rooms for sixth to eighth grades at Garden Village, plus 12 rooms for students from kindergarten to fifth grade ages.

General Pershing Elementary would gain nine new rooms for students from kindergarten to fifth grade, Woodrow Wilson primary would be enhanced by four rooms, and an 11-room structure in Westlake would accommodate pupils from kindergarten to the fifth grade.

ABANDON WOODROW WILSON

As the program is completed, step by step, plans call for tearing down of Woodrow Wilson elementary school, which has been branded as a fire-trap. This school would not be rebuilt, but the space gained would be utilized as badly-needed play area for the adjoining Woodrow Wilson primary grades.

The final outcome of such a program would see school children from kindergarten to the fifth grade attending schools in buildings close to their homes — neighborhood schools. For instruction in the grades from the sixth to the eighth, students would attend either the elementary school at Market street and Hillside boulevard, or the Garden Village elementary school. Bus transportation is contemplated for these students.

OVERALL PLAN DIFFICULT

With construction of the first nineteen new rooms exhausting funds currently on hand, the school district would still face a problem in realizing the overall goal of 67 new classrooms, eight new kindergartens, four home economics rooms, and four new shops, called for in the master plan.

However, extensive residential and commercial building within the school district will increase the bonding capacity within the district. In addition, it is possible that further financial aid may be expected from the State of California.

It is known, too, that the federal government has charted public works plans, including federal aid for school construction, which may be put into effect if and when the tempo of private building activity sags below a certain level.

The Jefferson Elementary School District board of trustees, composed of trustees Michael C. Callan, Fred Bertetta and Andrew Van der Werff, declares that work on the first phases of the overall school construction should be started as soon as possible, to meet school loads already assured on the basis of established population trends.

HEARING SET FOR BROADM'R POLICE DISTRICT DEC. 14

Final step in the formation of a special police district for Broadmoor Village will be taken on December 14, when the county board of supervisors holds a final protest meeting on the proposal. If the protests are few, they are expected to be overruled and the district set up.

Petitioners for formation of the police district claim the subdivision now has 5,500 residents, with only one special police officer with limited powers.

The proposed district calls for two police officers, an automobile and radio equipment, and the cost of the first year's operation is estimated at $14,700.

The supervisors will appoint a three-man board of police commissioners. Names under consideration include Edward McGuirk, Kennety Brugge, Joseph Zymnicki and Thomas Bocci, jr.

'WHAT A CHARACTER!' THEME AT LIONS CLUB

Featuring impromptu five-minute talks on "The most unusual character I ever met" members of the Daly City - Colma Lions Club held their regular weekly lunch meeting at Estrada's Wednesday. Speakers were Stanford Hannah, Hal Willis, Ira Neville, Dick Crane and Tom Laramie.

Elio Fontana took the presiding chair for the day's activities, with President Arnold Panella sitting on the sidelines temporarily.

The group reported a good time at their western Box Social at the Sheriff's Posse building last Saturday, with more than fifty Lions and their ladies attending.

A Thanksgiving program is arranged for next Wednesday's meeting, according to Stanford Hannah, program chairman.

Gets $125 Fine For Drunk Driving

Ruben Orlando Valverde, 101 Delano avenue, San Francisco, was fined $125 for drunken driving by Judge William Sweeney in the Daly City Municipal Court Friday. The driver's license of the former Daly City resident was revoked for 90 days.

Also fined was Clark Russel Bird, 1828 Sweetwood drive, Colma, for being drunk in and about an automobile. Bird's fine was $50.

Peterson Vetoes Extra Legal Fees

County Executive Frederick Peterson may be out of a job come 1950, but in the meantime — well, that's something else again.

Peterson proved this yesterday by refusing to approve a claim for $904, presented by Berkeley attorney Arthur Harris, who did some legal work in preparing the Charter amendment for the November 2 election.

"What's the district attorney paid for?" Peterson asked. "He should do the legal work."

The county executive also said he would disapprove a claim for $2,000, presented by attorney F. E. Hoffmann of San Mateo. Hoffmann, who is also city attorney for Daly City, was hired by the board of supervisors to defend a taxpayer's suit against the county and the Fiesta association.

Peterson said the legal fees were a waste of the taxpayers' money, and that the district attorney's office was set up to give legal advice to county agencies.

Traffic Worries

The Police Department deserves a pat on the back for watching the traffic on San Jose avenue and helping to slow down the speed on that thoroughfare. The vast number of automobiles travelling on San Jose avenue make it a difficult crossing for pedestrians, and the only way to slow down the pace of traffic is to tag those who speed.

However, there is still a lot of work to be done on the pedestrian crossing at Bepler and San Jose, particularly between 4:30 and 6 p. m. when the traffic load is at its peak.

Pending the time when traffic control equipment, already approved by city officials, is installed by the State Division of Highways, pedestrian crossing signs should be left out until 6 p. m. and an officer should be on duty at the crossing.

Plan Conference Of Armed Services And Industry

A combined industrial and military conference on materials handling and packaging has been scheduled for December 14th at the Oakland, California Naval Supply Center, it was announced today. Sponsored jointly by the Navy Industrial Association and the Navy's Bureau of Supplies and Accounts, the conference will emphasize, among other things, the efficiency to be gained from standardization of equipment, utilization of the palletized or unit load, and the use of mechanized materials handling.

Mutual problems of industry and the Armed Services will be discussed at the conference toward the goal of working together with the maximum of efficiency and a minimum of red tape. More than six hundred top executives of industry, representing all the western states, and one hundred of the highest ranking leaders of the Navy, Army, Marine Corps, Air Force, Coast Guard and Maritime Service in the western states are being invited to attend the conference. Tentative plans call for a message in person to the gathering by the Secretary of the Navy.

The conference will be an all day affair and will be enhanced by the showing of actual operations at the huge Oakland Naval Supply Center—the largest installation of its kind in the world. By visual demonstration, all the latest equipment, techniques and know-how concerning the field of materials handling and packaging will be shown to those attending. Shiploading, unloading, cargo handling, and stevedoring will also be demonstrated at the waterfront area aboard the Center which has berthing space for thirteen ocean going vessels. An interesting tour of the Naval Supply Center's facilities will provide a closeup look-see during a typical day's operation.

Those interested in obtaining further information regarding attendance at the conference should write to the Navy Industrial Association, Inc., 202 St. Francis Hotel, San Francisco 19, California.

News Column For The Veterans

The average veteran of World War II is 30 years old and the average age of World War I veterans is now 55, the Veterans Administration reports.

Using Bureau of the Census survivor tables, VA estimates that in the year 2000 there will be more than three and a quarter million living World War II veterans.

The same tables indicate that the number of living World War I veterans will have dwindled to 3,000 in the year 1995, VA says.

Although veterans have the right to apply for compensation at any time during their lives, the number of living veterans on VA compensation and pension rolls has decreased during each of the past 17 months. From May, 1947, to October, 1948, there was a decrease of some 63,000 cases.

Question: When a veteran secures a loan under the G-I Bill, does the Government make an outright payment on it without charging the veteran anything?

Answer: Yes, VA pays the lender, for credit to the veteran's loan, an amount equal to 4 per cent of the guaranteed portion of the loan. For example, if the guaranteed portion of the loan is $4,000, the lender will receive $160 from VA to credit to the debt of the veteran.

Question: I am a World War II veteran and wish to go in business. Must I have experience in the business in order to get a G-I loan?

Answer: Experience is an important element in the success of the average business. You should be able to show a reasonable expectation of success in your venture in order to get your loan.

Question: Must a disabled veteran go to a vocational school or may he go to a liberal arts college, a high school, or similar institution under the Vocational Rehabilitation Act?

Answer: He may enroll in any VA-approved educational institution or training establishment offering the course of training which VA has found he needs to insure his proper rehabilitation in line with his own desires.

Question: My brother, a disabled World War II veteran, is being rehabilitated under Public Law 16. Must he find his own job or will VA do this?

Answer: Veterans Administration will help your brother look for a job after he finishes his training.

Empty Tank Trucks Required To Stop At Grade Crossings

Gasoline tank trucks, even though empty of liquids, must stop at all railroad grade crossings, according to an attorney general's opinion released today by the California Highway Patrol.

The opinion was given to clear up misunderstandings regarding the 1947 law exempting motor trucks carrying up to 100 gallons of inflammable liquid as part of a general freight cargo.

"General freight shipments often contain small quantities of inflammable liquids, and under previous legislation were required to stop at all railroad crossings," according to Highway Patrol Commissioner Clifford E. Peterson. "The 1947 amendment removes this requirement but it still applies to tank vehicles, although empty of liquid, because of the presence of highly explosive gasoline vapors."

CHP Warns Drivers Of Fatal Traffic Accidents At Night

"Slow down at sundown and look out when it's dark out" is a warning from the California Highway Patrol to all motorists and pedestrians.

Darkness triples your chances of a fatal traffic accident, Clifford E. Peterson, commissioner, said today. "That is, for every mile of motor travel three times as many fatal accidents occur in the hours of darkness as in daylight. And of all fatal traffic accidents, three out of five occur at night."

"We hope to cut this unnecessary night traffic toll by increasing the Patrol's alertness to the errors in night driving and walking. The commissioner suggested a few tips for safe driving after night. They are:

1. Turn your lights on early.
2. Dim your lights for the other fellow.
3. Use a reasonable speed.
4. Be on the watch for pedestrians and for unlighted vehicles.
5. Use extra caution during stormy weather.

Devise Pocket-Sized Penicillin Inhalator

A pocket-sized penicillin inhalator, no larger than a woman's lipstick, has been devised by Dr. George V. Taplin and Dr. Fred Bryan of the Medical School of the University of California at Los Angeles.

It works like a regular sniffer—just put it to your nostril or mouth and take a deep drag. Three to 10 minutes is the time required to inhale a full dose.

A two-inch plastic nozzle carries the proper dose of the drug in detachable cartridges. It uses a dry, pulverized penicillin, ground so fine its particles are inhaled as "smoke."

Supervized home treatment will be possible for many who must now visit doctor's offices or hospitals for treatment of certain bronchial infections.

The U.C.L.A. doctors emphasize that the new inhalator is not a cure for the common cold.

"Most uncomplicated colds run their course in from three to five days," said Dr. Taplin. "Penicillin treatment should be instituted only for bacterial complications of a cold. These secondary invaders are the causes of prolonged and persistent symptoms when they occur.

"Furthermore, some people become allergic to penicillin. Then when they might really need it for some serious infection, they may be unable to tolerate it. Also, some common germs become penicillin resistant, and may not succumb to subsequent treatment."

AIR FORCE NEEDS 10,000 NEW MEN FOR EUROPE DUTY

Ten thousand former servicemen are needed immediately as replacements by the United States Air Force for assignment to the United Kingdom and Western Europe in support of "Operation Vittles" and the current B-29 training program, Army officials announced today.

Assignment of the 10,000 men will not increase the total strength of Air Force personnel in Europe because they will be replacements for men who have completed their foreign tours of duty, men whose enlistments are expiring, and men in Europe on temporary duty.

Qualified veterans will be accepted for enlistment in grades commensurate with their ability and military experience. Skills needed include aircraft maintenance, radio, radar, and communications, automotive equipment operators, and repairmen.

Unmarried men up to 34 years of age who have been discharged more than 90 days will be accepted in all grades up to and including technical sergeant. Married men who have been discharged from the Air Force more than 90 days must qualify for grades of staff sergeant and technical sergeant to be accepted. Dependents of these men cannot be sent overseas.

Air Force men reenlisting within 90 days of their discharge automatically receive their former grade. All men accepted will receive an extra 20 per cent in pay for service outside the United States.

The U. S. Army and Air Force recruiting station at 2399 Mission street has available information concerning this replacement program, but applications will be accepted only at Air Force base where base classification officers will determine the fitness of applicants for skills and grades.

Qualified applicants will be sent immediately to an Air Force processing station, then to the Overseas Replacement Depot at Camp Kilmer, New Jersey, and, as soon as possible, to European assignment.

PONTIAC

A Product of General Motors

Above everything else.. a *good* car!

Pontiac has one manufacturing principle which takes precedence over all others:

Pontiac must *always* be a *good* car!

There is no other motor car quality which people value so much as *goodness*. That's why Pontiac engineers and production specialists spend so much time and energy and money to insure Pontiac quality. Pontiac cars must last *long*—and they must last *well*—and they must function through the years with a minimum of upkeep cost.

Owners have been quick to appreciate this. Some of the testimonials they send to the factory, and to Pontiac dealers, tell of performance feats that seem almost impossible of attainment.

Pontiac has many other outstanding virtues, of course. It is a wonderful performer. It is delightfully comfortable and easy to handle. It is a great beauty, and unusually distinctive in appearance.

But its greatest virtue is *goodness*. This year, or *any* year, you just can't beat it for faithful performance.

*General Motors Hydra-Matic Drive and White Sidewall Tires and Bumper Guards optional at additional cost.

etulant Pachyderm Pouts

—Acme Photo

One of the squealing baby elephants which arrived in port Monday aboard the SS "Strathmore Vic-y" is being coaxed to leave ship by Reuben Castang, noted animal trainer. Castang was called when e infant but powerful pachyderms showed signs of panic. When the vessel was 1,500 miles at sea, a Navy ing boat delivered a load of hay for the babies. The elephants will go to the S.F. Zoo, as part of the stang and Scott Animal Show.

HAPPY THANKSGIVING !

EX - DALY CITY MAN AFOUL OF LAW AGAIN

Peter Williams, 37, who was arrested in Daly City in 1947 on charges of running an illicit bar and gaming center, was arrested in Martinez Tuesday for investigation of 30 robberies and burglaries in the east bay.

Williams was fined $500 after being convicted on the Daly City charges.

HI-LITES AT C.C.S.F.

By Frank Galo

City College officials have expressed their desire for all press releases from the college to use the official name of the college — City College of San Francisco. This explains the new monicker labeling this so-called column. Most students prefer the SFCC title, but what is official goes. Book covers from the college store bear the inscription "SFCC" and all of the metropolitan dailies claim that "SFCC" has a sensational football team. However, to maintain harmony with the higher-ups, this columnist will call SFCC CCSF, so CCSF it is.

DELTA PSI

According to Frances McCarthy, Delta Psi press agent, the D.P.s claim that they are the oldest sorority in CCSF. The sorority's main purpose is to create school spirit and engage in cultural activities.

Leaders of these campus cuties are Barbara McBride, president; Trudy Wulff, vice president; Thelma Waller, recording secretary; Nadine Coakley, corresponding secretary; Mary Ann Stewart, treasurer, and Frances McCarthy, club advisory board member and press agent.

Many thanks to Frances McCarthy for the above information. Miss McCarthy, a St. Rose Academy grad, is majoring in business administration and advertising. This lady plays a leading role in keeping the financial side of the Guardsman, college newssheet, in tip-top shape.

FOOTBALL

Seeking their ninth straight win, the City College eleven clash with an unpredictable Stockton team Friday at Kezar. Kick-off time is scheduled for 2:30 p.m.

The Rams are just bouncing back after their 20-17 victory over Hartnell JC on Armistice Day. An overflow crowd packed the Salinas stadium to watch Ed Brown, the Frankie Albert of the Junior Colleges, perform for the Brown and Yellow clad Hartnell eleven. However, it was the locals' Ollie Matson who received the crowd's plaudits. Matson scored twice and generally gave a good account of himself. Bob Toquinto scored the other Ram touchdown.

A hard-charging line led by Daly City's Don Morettini, rushed Ed Brown, their ace passer, constantly. Brown completed but seven out of 22 attempts. Other top line stars besides Morettini were Neil Gunn, Ben Albrecht, and Bob Clark. It was Clark's debut in a varsity uniform.

Lone casualty of the contest was Rotea Gilford. Gilford suffered a shoulder separation. The speedy halfback will be missed in today's final home stand and next week's engagement at Modesto.

DIS AN' DAT

The Harvest Moon Ball, an Associated Students sponsored dance, will be held in the campus auditorium tonight. Admission is free to A.S. card holders.

Top song in the college juke box is Dinah Shore's "Buttons and Bows," followed by Ray McKinley's "You Came a Long Way From St. Louie," and Freddie Martin's "Slow Boat to China."

College Daze, the faculty show, showed a $400 profit, $125 of which were used to pay for the band's trip to Salinas last week.

BOYS CLUB, HARRISON AC, BASEBALL SUNDAY

Moving up to Class AA baseball competition, the Colma Boys Club tossers meet a highly-touted Harrison A.C. nine Sunday at Marchbank Park diamond in a 2 p.m. ball game.

Anzio Batore, new 17-year-old right-hander, will draw the mound assignment for the locals.

Last Sunday, Batore pitched the Boys Club to a 10 to 9 win over the San Francisco Cardinals at Marchbank. Micheletti and Morgan each gathered three base-hits to aid victory for the locals.

News From San Mateo Jaysee

Scoring 33 points to Modesto Jaysee's 0, San Mateo Junior College won its first conference game of the 1948 season Armistice Day at Modesto. The Mateans dominated the whole game, with Harold Hightower of South San Francisco, Sam Nicolopolis of Menlo Park, Dick Luchessi of San Jose and Bob Griffin of San Francisco being among the outstanding Matean players. San Mateo rooters gave their team fine support as well as taking part in Modesto's homecoming game, their bonfire rally and their homecoming dance.

San Mateo now has won three games and lost four and this Friday goes to Sacramento to meet Grant Tech.

Saturday night the Business club of the college will sponsor a college barn dance in the Baldwin Avenue gym, with Roy Steffani playing for the dancing from nine to one o'clock.

As football begins to recede for the fall scene, San Mateo's basketball squad shows decided promise and will play a number of practice games before starting the conference season.

The cast of the term play, "Death Takes a Holiday," have completed several weeks of rehearsal, the stage production class is at work on sets, and all report they are about ready for the three production nights in December.

Next Monday evening Community Hall expects to present an illustrated lecture on New York City at 7:30 in the college auditorium. The Monday evening meetings are open to the public free of charge.

Brush Baby Is First Honorary Eagle Member

Mrs. Allen Brush was honored by ladies of the Colma - Vista Grande Aerie 1848, Eagles Auxiliary, in celebration of the arrival of her new daughter, Kathleen, November 9. The new arrival was given an honorary membership certificiate to the ladies auxiliary as she is the first girl born to a member of the Aerie since it was organized. Mrs. Brush was given a silver baby cup by Mrs. Pat Arnaudo, treasurer.

After the meeting the honored guest was escorted by the escort team to a table decorated with baby shoes and cradles filled with sweetpeas. She was presented with a bouquet of roses by Mrs. Lorene Gardner, conductress.

Four other new mothers were presented with silver baby spoons and forks. They were Mesdames Kenny, Martin, Markovich and Alexander.

The auxiliary welcomed seven new members into their organization and presented each with corsages. They were Mrs. Marjorie Lynch, Mildred Mae Whinnen, Thelma Holcomb, Dolly Gensel, Tiny Balletto, Adeline Taylor and Fannie Kanter.

In charge of refreshments for the evening were Mrs. Agatha Heyden, chairman, Mrs. Doris Hammer, Mrs. Pat Arnaudo, Mrs. Madeline Ford, Mrs. Gladys Breslin.

NEWS FROM THE SCHOOLS

CROCKER

Junior First Aiders, who are the H8 students, have received enough of the basic foundation to administer first aid for minor injuries. These "junior first aiders" will have the advantage of receiving an official first aid certificate from the San Mateo County American Red Cross, at the completion of their course, which is being given as a portion of the health and science program to the prospective graduates of the Crocker School. When a minor scratch occurs to a fellow student, one of the H8 first aiders brings the student to the office and, under teacher guidance, administers first aid by applying a germicide, and the subsequent sterile dressing. Fundamentally, this is the basic ideal of all learning — functional application of a learned principle.

Every student at Crocker is anxious to be a member of the "C.C.C." — Crocker Courtesy Club. An all-out drive to further morals and manners is thus being engaged in by the student body under teacher guidance.

An interesting report on the livestock show at the Cow Palace was given by Doris O'Neil to her L5 classmates.

L6 and H6 have a beautiful new time line. Several colored illustrations help to present the dates and print in a more graphic form. The flashing sails of a 16th century sailing ship, and cabin in the hills, a buffalo facing an early locomotive, a huge "Flying Fortress," and a modern city, all in vivid color, symbolize the various historical events from 1492 until the present.

L7 and H7 classes have nearly completed work on their unit on China. High interest has been shown in the many projects and exhibits.

Students of the L8 again benefited through visual education. They were given their promised opportunity to join the H8 and learn the "easy" way when the final film on punctuation was shown. The film showed the loose part of a sentence as a train off the main track. When viewed in this manner, the process of placing commas seems a natural process.

Jack Nagel Funeral Is Set for Friday Morning

A truck-auto collision proved fatal to Jack Nagel, 54 Peoria street, Daly City, Tuesday. Nagel received the fatal injuries when the truck he was driving overturned after a collision with a car in San Francisco at Powell and North Point streets.

A 9:30 mass will be held Friday morning in Our Lady of Perpetual Help Church after 9 o'clock services in the W. C. Lasswell and Co. Mortuary.

A native of San Francisco, Nagel had lived in Daly City for 18 years. Surviving him are his widow, Dolores; four children, Beverly J., LaVerne F., Johnny H. and Dennis P. Nagel; his parents, John Nagel and Mrs. George Flynn. He was the brother of Edward Nagel, San Bruno, Carol Flynn and Mrs. Vivian Meuser.

Going through signals or stop signs were Samuel Austin, $2; Araldo Corsini, $2; Mario Foraciari, $2.50; George Graham, $2.50; Ruth Drake, $2.50; Maxine McWee, $2.50; Ernest Nelson, $2.50; Walter Nichritz, $2; Ollie Tyra, $2.50; Sam Varanyoff, $2.50.

A noisy muffler cost Manuel Morales $5, while defective brakes caused Henry Kelpe to lose $5.

"Fall Homecoming" At San Jose State

The first Fall Homecoming at San Jose State college since 1934 will be climaxed by the San Jose-St. Mary's football game and an after-game dance on Friday, November 26.

Alumni activities, as announced by the president of the alumni association, Robert Schulenberg of San Jose, will consist of a conference to be held at association headquarters, the Hotel Sainte Claire, in order to form an advisory staff to the alumni executive board. Members of the Spartan coaching staff will be at the alumni headquarters all day to meet members of the association. Attending the 1 o'clock luncheon will be past and present officers of the alumni association, student body, and student organizations.

Homecoming activities, with the theme "Grow With State in '48," begin on the campus Tuesday, November 23, with a rally and noise parade. A Homecoming Queen will be chosen and she will be crowned at the football game Friday night. Fraternity and sorority houses, as well as boarding houses, will compete for a prize to be given by the alumni for the best decorated house, related to the theme of homecoming.

Alumni members are reminded that a special bloc of seats has been set aside for them at the football game and they should order tickets through the alumni office.

An active member of the alumni association from this city is Jack L. Hertel of 401 San Diego avenue.

SPORTSMEN'S CALENDAR

The Division of Fish and Game has good news for California's upland game hunters who will open the shooting season at 9 a.m. Friday, November 19.

An all-time record number of game birds has been released from state game farms and holding pens. This year's total of 64,000 pheasants tops the 1947 liberation by approximately 6,000 birds.

Late spring rains, delayed agricultural harvesting and mild summer weather accounted for an excellent hatch of wild pheasants and quail throughout the State. The Bureau of Game Conservation reports mountain quail more abundant than in any post-war season.

Wardens of the Bureau of Patrol believe more agricultural land may be opened to hunting this season because of generally improved hunter conduct last year. Cooperative farmer-sportsman programs conducted by organized sportsman groups are credited with opening additional hunting territory.

A daily and possession limit of two male pheasants will apply to the 10-day pheasant hunting season, which closes November 28. Seasonal bag limit is 10 birds.

Quail hunting extends from November 19 to December 31, with a limit of 8 birds per day and in possession, and 16 per week.

Tree squirrels are legal targets until December 31 in Sierra and Central Valley Districts 1, 1⅜, 23, and 25. Bag limit is two per day and in possession, and 12 per season.

All species of rabbits may be taken throughout the State until December 31, when seasons close in certain areas. A limit of 8 per day and 16 per week applies to cottontail and brush rabbits.

Upland game shooting hours extend from 9 a.m. to one-half hour after sunset between November 19 and November 28 inclusive. When the pheasant season ends November 28, shooting may start at one-half hour before sunrise, ending one-half hour after sunset.

There is no open season on wild turkeys, partridges, Sierra hares, grouse, sage hens, or hen pheasants.

The Division of Fish and Game reminds local sportsmen of the following general regulations which apply to current hunting and fishing.

BEARS — Ends December 31. Season and possession limit: two. Shooting hours: one-half hour before sunrise to one-half hour after sunset.

BLACK BASS — No closed season. Daily bag and possession limit: 10 fish, but not over 15 pounds and one bass in the aggregate in the round. No minimum size.

SUNFISH, CRAPPIE, SACRAMENTO PERCH, CALICO BASS —No closed season. Bag limit: 25 fish of all species in the aggregate. No minimum size.

STRIPED BASS — No closed season. Bag limit: five fish or 25 pounds and one fish, except that, irrespective of weight, at least two fish may be possessed. Size limit: 12 inches.

QUAIL — November 19 to December 31. Bag limit: eight per day or in possession, 16 per week. Shooting hours: from 9 a.m. to one-half hour before sunrise to one-half hour after sunset for remainder of season.

PHEASANTS — November 19 to November 28. Bag limit: two male birds per day or in possession, 10 per season. Shooting hours: 9 a.m. to one-half hour after sunset.

TREE SQUIRRELS — November 19 to December 31 in Districts 1, 1⅜, 23, and 25 only. Bag limit: two per day or in possession, 12 per season.

Notice Of Final Hearing Of Protests On The Formation Of Proposed Broadmoor Police Protection District

Notice is hereby given that there is on file with the Clerk of the County of San Mateo a petition for the establishment of Broadmoor Police Protection District. Said District is proposed to be formed under Sections 20,000-20,113 of the Health and Safety Code and provisions of The District Investigation Act.

A report concerning the advisability of forming the proposed district is on file with the Board of Supervisors of the County of San Mateo and is available for inspection at the office of the Clerk of said body.

The boundaries of the proposed district are as follows:

Being bounded on the West by the Easterly line of Skyline Blvd.; on the North by the lands of Henry Doelger Builder Inc.; and the Southerly line of Lake Merced Country Club and the most Northerly line of the tract known as Garden Village; and on the East by the Westerly Boundary line of the city limits of the City of Daly City; and the Westerly Boundary line of the incorporated area known as the Town of Colma; and on the South by the Northerly line of San Pedro Road and its extension Westerly to the Easterly line of Skyline Blvd.; known more particularly as Broadmoor Village tracts 1, 2, 3, 4, 5, Garden Village and portions of unincorporated Colma.

A hearing will be held before said Board of Supervisors on the 21st day of December, 1948, at 10:00 A.M. in the Chambers of the Board of Supervisors in the Court House at Redwood City, California. Protests concerning the formation of said district will be heard by said Board of Supervisors at that time.

A summary of the said report is as follows:

A local law enforcement agency is needed to supplement the existing county law enforcement officers in order to protect adequately the lives and property of over 5,000 inhabitants of this area. The cost of this project is estimated to be approximately $15,000 a year, said cost to be raised by an assessment of fifty cents for each $100 assessed valuation against the property within the proposed district. The present assessed value of the land within the district is $579,265.00, the assessed value of improvements thereon is $1,275,895.00 and the true value of land and improvements is $1,855,160.00.

Notice is hereby given that the land within the proposed district, may be taxed or assessed for the proposed project in the event said district is formed.

W. H. AUGUSTUS
Clerk of the Board of Supervisors.

Bay Area Ski Clubs Form Federation

The Bay Area ski clubs have finally banded together to form a ski federation to be known as the Bay Area Ski Council. Many of the administrative and complex problems of the sport will now be handled by the new organization, instead of by the clubs individually.

The purpose for these monthly forum meetings is to have representatives from each club discuss the current skiing activities and maintain an interest in the promotion and good of wintersports. They will use the council's influence to establish interclub good-will; coordinate social activities and events on a non-competitive calendar; discuss safety and ski patrol work; make recommendations to member clubs and dispose of matters of mutual interest to the clubs.

Pink Wedding Array For Miss Bertini At Ceremony Sat.

In a wedding array of ice pink, Miss Emelia Bertini exchanged nuptial vows with Louis Nava Saturday, November 13, in the Holy Angels Church in Colma.

The double ring ceremony was performed by the groom's cousin, Father Edward Varni. The occasion also marked the groom's 25th birthday.

The bride's ice pink satin gown was fashioned with an off the shoulder neckline with scallops, a long train, tight bodice and bouffante skirt. Her fingertip veil was held with a net tiara. She carried a prayer book from which hung a bouquet of orchids and stephanotis.

Gowns of the attendants carried out the pink theme of the bride's costume. The maid of honor, Miss Roberta Cassida, wore pink. The gown of the matron of honor, Mrs. Adriene Bremer was fuschia, while the little flower girl, Jo Ann Padreddi, wore a dress of pale pink. The gowns of the attendants were identically styled with full skirts, short sleeves and form fitting bodices. Gloves and hats to match their dresses completed their costumes. Each carried a prayer book with a bouquet which was a replica of the bride's.

Performing the best man duties for his brother was Robert Nava. Ushering were Tony Franusich and David Belli. A nephew of the bride, Robert Padreddi, was the ring bearer.

May Varni sang the usual mass hymns for the nuptial mass. Mary Belli was the organist.

A grey dress with navy blue accessories was worn by the bride's mother, while Mrs. Nava chose a brown bolero suit with pink accessories. Both wore orchids.

Two hundred and fifty guests attended the reception at Simpson banquet hall on Clement street. Music for the dancing was furnished by Don Amando and Richard Varni and orchestra.

The new Mrs. Nava is the daughter of Mr. and Mrs. Albert Bertini, 121 Price street. Her husband's parents are Mr. and Mrs. Louis Nava of 1 San Pedro road. They will reside in Colma after their honeymoon.

FORMER RESIDENT HOSTESS TO ROYAL NEIGHBORS CLUB

Mrs. Cora Ray of 120 Willow street, Millbrae, was hostess to the Royal Neighbors of America Sewing Club Friday evening, November 12. Mrs. Ray, a former resident of Daly City, was assisted by her sister, Mrs. Eva Cliff, and her daughter, Mrs. Margaret Heaton.

A chenille bed spread was presented to Mrs. Ray by the club members in appreciation of the fine work she has done for the organization. Dutch whist was played after the business meeting.

Those present in addition to the hostesses were Mesdames Nellie Allen, Jerry Allen, Laurette Bertelli, Lillian Thomey, Anna Romer, Rhoda Rachor, Marie Thompson, Elizabeth Sorensen, Mattie Putnam, Daisy Embree, Annie Smith, Johanna Hedvall, Doris Davis, Grace Coolish, Lillian Gray, Louis Storm, Marie Curry, Laura McKenzie, Lucille Parker, and Helena Hammett.

CHRISTMAS SEALS SALES DRIVE TO BEGIN MONDAY

The most important annual sale of Tuberculosis Christmas seals in the history of the San Mateo County Tuberculosis and Health Association will open on next Monday when the pioneer health protection group will seek financing for one of the most eventful years in its history.

This was the announcement today by seal sale Chairman Bradford M. Melvin, who declared that the free X-ray program, case-finding, educational and patient assistance activities of the association will be augmented during 1949 by the need for planning best possible utilization of the county's new million dollar tuberculosis hospital.

"We have worked patiently for many years," said Melvin, to bring San Mateo county's fight against the most deadly of diseases to a peak of top efficiency — and the goal is now in sight. With the new hospital we can hope to speed the ultimate victory by many years.

"It is for this reason that it is imperative that the Christmas seal sale starting Monday must be successful. By their purchases of Tuberculosis Christmas seals in bygone years the people of the county have laid the groundwork for preventive service unrivalled anywhere in the nation. Their purchases this year will be the crucial factor in realizing this goal."

means to assure the continued support of this service but that the 1949 Red Cross Fund Campaign will supply the necessary funds for the coming year.

It was further explained that the action is being taken in accordance with a nation-wide policy adopted by the Board of Governors of the American National Red Cross and must be effected by June 30, 1950.

Announce Future Plans For Red Cross Nursing Service

The chairmen of the two Red Cross chapters in San Mateo county, Louis Dematteis of the Sequoia Chapter and William H. Taylor of the San Mateo County Chapter today announced that the Visiting Nursing Service which has been sponsored for the past twelve years by the American Red Cross is to be transferred to other auspices.

This service was undertaken in line with the National Red Cross policy to foster such services on a demonstration basis. It has grown from a small, one-nurse service to its present staff of 13 nurses, covering the entire county and has proven its value to the community. The service is partially self-supporting. A portion of the funds raised in the Annual Red Cross Fund Campaigns of both the Sequoia and San Mateo County chapters have been used to supplement the income from fees.

Dematteis and Taylor stated that a study is being made of ways and

You're not confined to your seat on the train. You can get up and walk around whenever you wish. Comfortable rest rooms for men and women in every car.

ROOM **to eat**

On the train you eat in style at a table; with clean linen, good food and service. You pay no more than you would in any good hotel. In coffee shop cars even less.

ROOM **for luggage**

You can take a normal amount of luggage into your railroad car with you. In addition, on most tickets, you can check 150 pounds in the baggage car, without charge.

ROOM **to sleep**

Pullmans have big, comfortable beds—each more than six feet long and three feet wide. Soft mattresses, clean sheets, plenty of blankets. A courteous porter is always on duty to serve you. And when it's windy, stormy and wet, you'll be snug and warm on the train.

Next time, try the train

Verna Moresco Now Mrs. Ray Calderon After Sunday Rites

The picturesque Little Chapel of the Flowers at Berkeley was the scene of the wedding of Miss Verna Moresco, daughter of Mr. and Mrs. Angelo Moresco, 328 Railroad avenue, Colma, and Mr. Ray Calderon, son of Mrs. Amalia Calderon, 158 Los Olivos avenue, Daly City. The 2 o'clock nuptial rites were performed Sunday, November 14, by the Reverend Fred Stripp.

Walking down the aisle on her father's arm, the bride wore a becoming suit of blue changeable taffeta with a full skirt. The jacket had a form fitting bodice and a fishtail back. She wore a headband of white carnations and carried a bouquet of two white orchids and streamers.

Attending the bridal couple were Mr. and Mrs. Ralph Capps of Daly City. The matron of honor wore a burgundy changeable taffeta suit styled similiarly to the bride's. She wore a head band and carried an old-fashioned bouquet, both of pink carnations.

For her daughter's wedding, Mrs. Moresco wore a forest green suit and hat with brown accessories. Mrs. Calderon also wore a forest green suit but chose black accessories. Both had purple orchid corsages.

A dinner honoring the newlyweds was held at Lucca's after the ceremony. Attending, besides the honored couple, were Mr. and Mrs. Angelo Moresco, the bride's parents; Mrs. Amalia Calderon, mother of the groom; Mrs. Savina Rimassa, the bride's grandmother; Mrs. George Walda, aunt of the bride; Karen Lynn Moresco, sister of the bride; Mr. and Mrs. Ralph Capps; Mr. and Mrs. William A. Braumoeller; Mr. and Mrs. Leo Jost; Mr. and Mrs. Jerry Galindo; Mr. and Mrs. Richard Little; Mr. Frank Rehe and Miss Doris Vernengo.

The new Mrs. Calderon, a graduate of Jefferson high school, formerly attended San Mateo Junior college. She is a member of El Carmelo Parlor No. 181, Native Daughters of the Golden West, and their drill team. Her husband attended the University of San Francisco. He formerly served four years in the United States Army Air Force as a pilot.

For going away the bride wore a beige suit and hat with military brown accessories. After a honeymoon in Carmel, the couple will reside at 158 Los Olivos avenue.

LOST TERRIER GIVES BIRTH TO PUPS UNDER WOODPILE IN COLMA

A mother fox terrier and her new litter of pups found shelter early this week under the woodpile of Dominic J. Guastavino at 87th street, Colma.

Guastavino, who has been unable to locate the owner of the dog, described the terrier as being brown and white with sharp ears. He said he had been putting out food for her, but that he couldn't get close enough to her to count the number of pups.

Woodrow Wilson Wins Touch Tackle Titles

Woodrow Wilson school won championships in both the "A" and "B" divisions of the school district Touch Football League, with a 21 to 0 victory last week over Crocker while the "B" team defeated Jefferson school, 20 to 0.

The winning "A" team was composed of Joe Lewkowitz, Don Baker, Jack Allain, Paul Hopkins, Gary Johnson, Wayne Hyde, Bruce Selmi, Bill Allen, Gerry Eling, Dick Norris, Ray Hedwall and Don Bertelli.

The "B's" were Joe Morgan, Billy Jones, Jimmy Galindo, Dave Rasmussen, Legus Watts, Jimmy Laumond, Don Curry, Charles Thur, Billy Johnson, Herb Silver, Bob Stone, Gary Atwood, Wayne Diflaboy, James Rector, Howard Klein, Ronald Folmer, Russ Benavides, Larry Johnson, Edwin Van Steveren, James Passorelli, Charles Lewkowitz, Duane Anderson, Jimmy Snell, Billy Willers, Dick Hopman, Bob Correiro, Ernest Hansen, Bob Stone, Charles Erickson and James Courts.

Indians Travel To Burlingame Friday

Jefferson high's Indian football team, who have yet to win a game in Peninsula Athletic League competition, travel to Burlingame Friday afternoon to tangle with the league-leading Burlingame high school gridders.

The heavily-favored Burlingame eleven is an odds-on favorite to win, but the Jefferson supporters, contending there have been upsets in P.A.L. competition before, will nevertheless be in there pitching until the last whistle blows.

Climax of the season for the local gridders comes next week, when they tangle with a favored South San Francisco team on the Jefferson gridiron Thanksgiving Day at 11 a.m.

Gladys Guttmann, Arthur Sweeney Take Nuptial Vows

A beautiful wedding was solemnized Saturday, November 6, in Daly City when Arthur (Johnny) Sweeney took Gladys Guttmann to be his bride, in a 5:30 o'clock ceremony at the Church of Our Lady of Perpetual Help, Father Adrian McKenna officiating.

The bride was given in marriage by her father, Alfred Guttmann. She wore a stunning gown of white satin, made with sweetheart neckline trimmed in beads. Her veil, formerly worn by her aunt, Mrs. John Pozonovich, was of net trimmed in Chantilly lace, held by a coronet of seed pearls. She carried a prayer book, with white orchid and sweet peas.

Her attendants, Miss Gloria Bacigalupi and Miss Amy Rae Crosby, as maid of honor and bridesmaid, wore beautiful gowns of pale blue and rose satin and carried maroon celosia. The tiny flower girl, Miss Diane Frances Guttmann, cousin and godchild of the bride, was daintily dressed in a gown of pink taffeta trimmed with blue bows. She carried a miniature replica of the bride's bouquet in sweet peas, and wore white sweet peas in her hair. Joseph Osuna and David Nolan officiated as best man and usher respectively.

A royal blue crepe dress, trimmed in silver sequins, was worn by Mrs. Alfred Guttmann, mother of the bride. Mrs. Arthur Sweeney, mother of the groom, chose aqua brocade, with gold accessories.

A large reception was held after the ceremony, in Little Italy Hall, where the young couple received their many friends and relatives. They will reside in San Francisco.

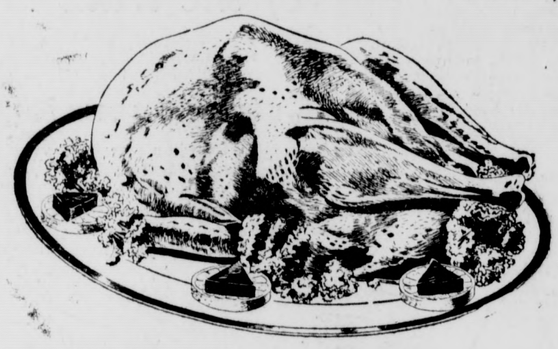
Cooking a turkey?



It's as "easy as pie" with an AUTOMATIC RANGE

Here's how to get the bird ready...

Choose a plump turkey with a smooth, moist skin. Clean. Wash inside and out with warm water. Pat dry. Rub inside with salt...about ⅛ teaspoon to each pound of turkey. Stuff loosely with wild rice or your favorite dressing. Fill chest and cavity first. Draw neck skin over it and fasten with skewer. Then fill body cavity. Place long skewer across body opening and lace shut with strong cord. Use ends of cord to tie legs to tail. Rub skin with unsalted fat. Place turkey breast-side down on V-shaped rack in bright, low-sided pan. Do not cover. Basting is not necessary if you use cooking chart below. To prevent over-browning toward the end of roasting time, cover bird with cloth that has been dipped in melted fat.

...and here's how to cook the bird

Oven Weight	*Oven Temperature*	*Approx. Time per lb.*
8 to 10 lbs.	325 F.	20 to 25 min.
	Total Cooking Time is about 3 hours	
10 to 14 lbs.	325 F.	18 to 20 min.
	Total Cooking Time is about 4 hours

Mrs. Henry Adami, historian for the Woodrow Wilson P.T.A. will be the delegate at the district meeting at the Peninsula Avenue school in Burlingame Thursday, today.

The name of Mrs. Effie Jordan, also a member of Woodrow Wilson P.T.A., was omitted as those attending the meeting last Monday, November 8, at the Peninsula Avenue school in Burlingame.

Announce Drive To Raise $12,000 For Needy Children

Every day is bargain day during the Mutual Business Club's annual campaign to raise $12,000 for San Francisco's underprivileged children, Edwin Adair, drive committee chairman, announced today.

The club auctions new merchandise donated by businessmen and citizens interested in child welfare work over Station KSAN, which donates facilities and time from 8:30 to 9:30 p.m. Mondays, Tuesdays and Fridays through November 26. All proceeds go to needy children, largely through Juvenile Probation Officer George W. Ososke and Lt. John P. Meehan, head of the Police Big Brother Bureau.

Each night at least 20 donated articles are auctioned to the highest bidder. Included is an American League official football, autographed by every member of the '49'ers Football Team, to be auctioned November 24. Shrine East-West Game football tickets also are among hard to get articles.

Direct donations may be made to Mutual Business Club Needy Children Fund, care of Judge Alden Ames, Russ Building, 235 Mongomery street, San Francisco, 4.

BRAKE NOISES

A scratching or grinding noise as brakes are applied while your car is in motion usually indicates metal to metal contact inside the brake drum. This may be caused by worn-out brake linings, and to avoid scored drums, wheels should be removed for inspection and replacement of brake linings, as necessary.

BACK-TRACK

If you drive up to a turn without time to signal your intentions to other drivers, keep going until you can signal and turn safely, urges the California State Automobile Association. It's better to turn back than over.

PHEASANTS RAISED BY PRISONERS RELEASED FOR HUNTERS IN STATE

With release of several hundred more ring-necked pheasants in Stanislaus county, San Francisco's unique experiment in game bird raising and prisoner rehabilitation has made another contribution to the sportsmen of California.

The birds released in Stanislaus county and nearly 3,000 pheasants previously released in Sonoma and Merced counties were reared by prisoners on the city's county jail prison farm in San Mateo county.

The project is a cooperative one, involving Sheriff Dan Murphy of San Francisco, District Council No. 7 Associated Sportsmen of California, and the California Fish and Game Commission.

Rearing pens at the prison farm were erected with funds obtained from San Francisco's share of fines collected for violations of the fish and game laws, which, by statute, may be expended only on projects approved by local sportsmen.

HATCHED AT YOUNTVILLE

The game bird farm of the California Fish and Game Commission hatches pheasant eggs and turns as many baby pheasants over to the San Francisco prison farm as the farm can rear. At the present time, two hatches of 400 birds each are reared at the farm each summer, but erection of rearing pens to handle more birds is in contemplation.

Prisoners who have had previous experience in game bird raising or who are interested in outdoor life are assigned to tending the birds; feeding, watering and otherwise caring for them. Sheriff Murphy says from the rehabilitation standpoint, the project is a great success.

When the birds reach such a size and age that they can forage for thmselves, they are turned back to the California Fish and Game Commission which releases them in suitable pheasant cover around the State. None are released in San Francisco county.

New She-Eagles

New members of the local Eagles Auxiliary are Alice Matas, Mary Kimler, Elenora Hutchinson and Carol Schoeng.

'Mechanical Brain' Studies Wing Icing

The differential analyzer at the University of California at Los Angeles, the so-called "mechanical brain," is investigating the problem of icing on airplane wings for the National Advisory Committee for Aeronautics, it was announced today.

Formation of ice on aircraft under winter flying conditions is one of the most serious flying hazards today. Ice forms when small supercooled waterdrops in suspension in the air are caught by the leading edge of the wing and immediately freeze.

The results will be included in a comprehensive study to be published by the NACA and made available to designers of aircraft and aircraft deicing equipment.

OLD COUNTY TREE

On the Skyline boulevard, near Legg's Point on King's Mountain, grows an ancient redwood tree. Known as the "Skyline Methuselah Redwood," its trunk is more than 55 feet in circumference. The tree was more than 1,000 years old when America was discovered.

MAN-MADE LAKES

The Crystal Springs lakes along Skyline boulevard in San Mateo county, fed by crystal springs and by Hetch-Hetchy water, provide the water supply for San Francisco and for many peninsula communities.

The lakes are man-made. Before they were filled, in 1887, the valleys now under water held farms and a peaceful resort called "Crystal Springs."

SHIPWRECK POINT

The Pigeon Point Lighthouse, on the San Mateo coastline, was given its name after the ship "Carrier Pigeon," which was wrecked on the point in 1853.

After four vessels had gone aground on the rugged point, the Lighthouse was erected in 1872. Its lens was first used on Cape Hatteras during the Civil War.

HI-LITES
From
Jefferson Union High School
by Carol Donaldson

Four hundred and eighty-one students participated in the Red Cross drive held last week. A total of $43.79 was raised by the student body. The money is turned into the central Red Cross office at San Mateo. From this office money is given to students who need it for medical expenses their parents cannot afford.

The Variety Show held at Jeff last Friday night was a huge success and the auditorium was filled to capacity. The next scheduled student activity will be a carnival to be held December 10, in the high school gym. Admission will be 25c and there will be various concessions sponsored by the different clubs and departments. Some of the booths will sell cider and donuts, hot Spanish dishes, hamburgers and hot dogs, and offer penny pitching, nail driving, and balloon and dart games for those who wish to try their skill.

Quite a mystery was in full swing at the school last week. It seemed that the tickets for the Junior Prom had mysteriously disappeared. The committee was in mad confusion and rewards for the arrest and capture — dead or alive — of the culprit were about to be posted when one of the teachers discovered that they had accidentally been misplaced. Altogether, it was quite a hectic morning. With the recovery of the tickets, sales went into full swing and the Prom will be held tonight in the auditorium. The theme will be Carnival Time and the decorations will consist of serpentine, balloons, masks and a carousel.

The first meeting of the student court was held Friday morning, November 5, at 8 in the Little Theatre. Twenty-three persons received tickets and sentences such as 1,000-word compositions and dish-washing stints in the cafeteria. Several freshmen were noticed quaking in their boots as they stood before the judge, Don "Evil Eye" Woll, to receive their punishment. They were given very light sentences and were instructed in the rules of the school. Because of the limited amount of time, several of the cases had to be held over until the next court session.

TEACHER SHORTAGE IN STATE CRITICAL

The shortage of teachers in California is still a critical problem. Not only are teacher-training institutions in this state receiving far more requests than they can fill from local schools, but they have even received pleas for 200 teachers in Hawaii.

These facts were revealed by Lawrence E. Chenoweth, director of placement at Santa Barbara College, University of California.

He supplemented an 8-month report to Acting Provost J. Harold Williams with observations on the proceedings at a recent conference in Long Beach of teacher placement directors from all parts of the state.

In his report, Chenoweth listed 1,504 calls for teachers during the period from January 1 to September 30 of this year, against only 161 placements.

This parallels a situation throughout the state reflected in the fact that although there are now 52,000 teachers registered through the State Department of Education, 16,000 emergency credentials have been issued.

The cornerstone of the State Capitol at Sacramento was laid May 15, 1861.

NOW AT SAFEWAY
FRESH KILLED DRESSED and DRAWN FRYERS
PAN-READY—NO WASTE
Yet they save you money over New York Dressed Fryers
Here's new FRYER ARITHMETIC

2 lbs. 2 ozs. = 3 lbs.
Here's why one Fryer sells for 59c per pound and the other at 79c per pound, yet you save money by buying the one for 79c per pound.

A chicken that has head and feet on and entrails in and weighs 3 pounds with but the feathers removed, is known as a "New York Dressed" Frying Chicken. The same chicken when completely dressed and drawn weighs 2 pounds and 2 ounces, a loss of 14 ounces for the inedible parts. This is known as "Fresh Killed, Dressed and Drawn" Frying chicken and is pan-ready.

The rest is simple mathematics. The 3 pound New York Dressed Fryer at 59c per pound will cost you $1.77. The 2 pound 2 ounce Fresh Killed, Dressed and Drawn Fryer at 79c per pound costs you $1.68 . . . a saving of money plus these other conveniences:

SAN MATEO HISTORY

The tiles adorning the roof of the railroad station in Burlingame were actually molded by the hands of native Indians and baked in primitive kilns under the direction of Spanish mission padres.

Salvaged from the ruins of abandoned missions at San Mateo and Mission San Antonio, they were used for the roof of the "Missions Building" in San Francisco's Mid-Winter Fair of '94, later transferred to the Burlingame station, which was built to serve the Burlingame Country Club. The City of Burlingame has since grown up around it.

BROADMOOR VILLAGE NEWS

By Dorothy R. Levitan

A special committee to investigate the school situation has been named by V. J. Murphy, president of the Broadmoor Property Owners Association. The committee members from Broadmoor are Claude Hanrahan, Pat Patey, George Yorg and Leonard Stiller. These men, along with others representing Garden Village and Colma will endeavor to plan a school program which will be of mutual benefit to the entire school district. The new committee will be called the West Junipero Serra Citizen's School Committee.

SPECIAL CAUCUS

Four problems of immediate concern to Broadmoor residents will be taken up at a special caucus meeting to be held tonight, Thursday, in the Broadmoor Community Center.

Top place on the agenda goes to the ever-present problem of the hog farm. According to Board President Vincent J. Murphy, tonight's meeting will see plans started for removal of the farm, to be accomplished before January 1.

A second matter to be brought up concerns the pavement of easements and the closing off of open areas which Murphy says will be done prior to the first of the year also.

A committee will be named and plans will be laid for a community-wide social. This social will probably be held either in a Daly City or San Francisco theater.

The urgent school problem will be discussed as the fourth item on the agenda.

All Broadmoor residents are welcome to attend the meeting.

GARDEN VILLAGE GATEWAY

A threat to close off the Garden Village entrance by means of a locked gate was made last week by the Garden Village Property Owners Club. This drastic action is due to the influx of speeders and parkers from the new shopping area. The gate in question would be equipped with three locks, two on the sidewalks and one on the roadway. Only residents of Garden Village would be given keys. This idea has not been given full approval as yet, but is the wish of the residents present at the last board meeting of the club.

V.F.W. POST

The Lake Merced Post is the name chosen for the new Veterans of Foreign Wars group in Broadmoor Village. This selection was made at the last meeting held by the group in the Community Center.

The charter application was signed by fourteen members present at the meeting and will be open for ninety days. Any veteran signing within that time will be known as a charter member of the post.

The group has not as yet been officially recognized by the National Department, but that recognition is expected within a week. At that time, the post will be assigned a number.

LEGION AUXILIARY

The monthly business meeting of the American Legion Auxiliary was held Tuesday night at the Community Center. Special guests of the group were Helen Beryessa, new president of the 26th District and Mrs. Juanita Henderson, new vice-president.

Five new committees were appointed at the meeting: Americanism, National Defense, Pan-American Study, Rehabilitation and Community Service.

DANCE COMING UP

A Roosevelt Birthday Ball will be presented by the American Legion on January 29. Part of the proceeds of the dance will go to the March of Dimes drive. Committees have not yet been named, nor a location decided upon.

JUST MUSING . . .

Thanksgiving is just around the corner, but already we see signs of Christmas in the air. Wonder who'll sprout the first Christmas tree in the Village? And wouldn't it be nice if Santa Claus brought street signs to Broadmoor?

The Community Chest drive is still $14 short of its quota. It's a shame to be so near, but so far. Bouquets to Jinny Marovich, campaign chairman, for a swell attempt, anyway! She did a terrific job and Broadmoor's proud of her!

Christmas gift idea . . . for the kiddies, one of those clever "Scopies," invented by Broadmoor's own Lloyd Wofford. You'll find them on sale in several leading downtown department stores.

And from the looks of things, it won't be long until our own shopping center gets going. The stores look pretty near completion right now. 'Twill be a boon to harried shoppers if they're occupied soon. Loaded down "commuters" with tired expressions on their faces are becoming too common a sight on the No. 26 bus line these days.

Food requirements of the Navy in 1941 were 1,000,000,000 (B) pounds; in 1945 they had risen to 5,700,000,000 (B) pounds.
